🚨 New Job Opportunity Alert! 🚨

🔍 Job Opening: **Quality Control Technician** at **SPARTHA Medical**, Strasbourg
📅 Start Date: **February 1, 2024**
📝 Contract: **Temporary (4-8 months)**

About SPARTHA Medical:
Join us at SPARTHA Medical, an expanding biotechnology startup at the forefront of developing innovative, biocompatible active interfaces. We are seeking a dedicated and skilled Quality Control Technician to be a part of our dynamic team.

Your Role:
As a Quality Control Technician, you'll play a crucial role in:
- Preparing materials for coating applications.
- Performing daily tests and optimizing coating formulations.
- Characterizing coatings using FTIR technology and analyzing data.
- Developing and implementing quality control tests for coatings.
- Collaborating with interdisciplinary teams, including industrial and academic partners.
- Contributing to the development and optimization of biocompatible coatings.
- Troubleshooting and writing technical reports.

Cross-functional Missions:
Work alongside R&D, engineering, and quality assurance teams to successfully integrate coating technologies in various applications.

Candidate Profile:
- Experience in spectrophotometry analysis, surface coating analysis, and quality control procedures.
- Degree: University Technology Diploma (DUT) in Chemistry or a related field, or equivalent.
- Laboratory Experience: Hands-on experience in chemistry, microbiology, and quality control.
- Strong analytical and problem-solving skills.
- Experience in spectrometry and FTIR technology.
- Attention to detail, excellent communication, and collaborative skills.
- Ability to develop and implement quality control procedures.

Recruitment Process:

1. CV and cover letter selection.
2. Discussions with a technical manager and operations manager.
3. (Optional) Final discussions with one or two members of the management team.

📍 Location: Strasbourg

🎓 Qualification: Bachelor's degree or equivalent

🔍 Experience: >1 year

Be a part of something innovative and impactful. Join SPARTHA Medical in revolutionizing medical applications with our biocompatible coatings!
